

I understand that my employment as a Trainee by CIA will be made only after a thorough loyalty check. The appointment will be probationary and may be cancelled if my performance in training is not satisfactory.

I agree to accept the placement that will be made after training, based on my demonstrated aptitudes. While my own desires will be considered, I realize that they cannot always be followed. I agree further, to serve either in this country or overseas.

It is my present firm intention to make a career with CIA. I specifically agree to remain with the Agency for not less than two years, unless dismissed.
